

HyR BRIX® All Natural & Organic Vegetable Fertilizer is great for all organic gardens! It contains ingredients which provide a balance of nutrients and micro-nutrients, essential for maximum plant health and production.

How to Apply: Best if applied prior to planting for season long fertilization, but can be applied anytime. Broadcast evenly based on Application Chart, work into soil or for:

• **Individual Plants:** Apply 3/4 cup in a 2 foot radius around the plant, at least 2-4 inches away from the stem, work into soil.

• **Row Planting:** Apply 10 lbs. per 100 foot row or one cup per 5 feet, in a foot wide band, work into soil. Can be reapplied anytime during the growing season if plant shows signs of stress.

Caution: Do not place in planting hole, on seed, on roots, directly against the stem of the plant, or directly to foliage. Always work into soil. Do not use for indoor seed starter. MUST USE AS DIRECTED.

Proudly made in the U.S.A.

5 lb. Organic Vegetable
**NOT FOR RESALE
OR REPACKAGING**

Store in a cool, dry location.

Staining Note: Brush granules from concrete surfaces to prevent staining.
