

PRODUCT OVERVIEW

CULTIVATA™

Powered by
OPUSMAX™

CULTIVATA is a best-in-class wetting agent, creating consistent moisture levels in growing media. Powered by our proprietary delivery system, **OpusMAX**. The supramolecular structure technology behind Cultivata allows for low use-rates that deliver maximum results, giving growers the best foundation for healthy plants.

.....

CULTIVATA COMPOSITION

- Poly(oxy-1,2-ethanediyl), α -isotridecyl-w-hydroxy-
- Water
- Powered by OpusMAX formulation technology

TOP-NOTCH MEDIA SURFACTANT

1. Improved wettability
2. Consistent spreadability
3. Low use-rates
